

Math Madness

90-minute Program * Grades 3–8
Mathematics content standards vary by grade level

INVESTIGATE HANDS-ON MATHEMATICS EXHIBITS!

Measure, estimate, reason, plot, and predict your way through this exciting program. Students take part in an interactive discussion about statistics and probability, then work in small groups to explore math exhibits. Discover how mathematics “figures” into everyday life.

MATHEMATICS ACTIVITY STATIONS INCLUDE:

- Which tool is best?
- How many miles?
- How will you pack?
- Which gets more money?
- What patterns do you see?
- How many things are in the box?
- How will you deliver all three?
- How will you build the tower?
- How many diameters fit around a circle?
- How many is a million?
- Build a bigger cube!
- Which sock will you pick?
